

MISSION STATEMENT

Waco Birth Center & Clinic is a faith based non-profit organization with the mission to provide a safe birthing choice for women in Waco and the surrounding area. Our families will receive holistic care in a home like atmosphere using the midwifery model of care. We will support women through their lifespan, in promoting healthy pregnancy, physiologic birth, postpartum care, well woman/gynecologic care and newborn care. Waco Birth Center & Clinic is committed to the advancement of midwifery in our community by promoting education in all areas of women's health. We will support and work with other women's healthcare organizations as a team member in order to provide better healthcare for women throughout our community.

VISION

Waco Birth Center & Clinic will provide a safe birthing/ healthcare option for women. Our families will receive holistic healthcare using the midwifery model of care. We are committed to promoting education and advancement of midwifery in our community. Waco Birth Center & Clinic is dedicated to empowering women and their families so they can make a fully informed choice about their healthcare.

Giving women a choice!

OUR TESTIMONY

The dream began years ago, with Brenda as she was working with a Lay Midwife in the Waco area. She loved the connection between the women and their midwife. Throughout her endeavor of becoming a Certified Nurse Midwife Brenda felt led to open a Birth Center in Waco, Texas. Through a miracle of God, a beautiful home was provided on Austin Avenue. Along the way God has meant every financial need supernaturally. So, what began as a dream is now reality. We hope you will partner with us in continuing this journey.

ABOUT THE MIDWIFE

Brenda Keep is dedicated to providing compassionate care to her clients and their families. Brenda has Felt called by God for many years to be a midwife and she has worked diligently towards that dream. She has extensive experience in her field and is well qualified to handle all your needs. Brenda is a Certified Nurse Midwife and a Nurse Practitioner of Women's Health.

WHAT WE DO BEST!

Certified Nurse Midwives and other licensed professional staff will provide individualized compassionate care. Waco Birth Center & Clinic will offer a full range of primary healthcare services for women from adolescence to beyond. We will support women through their lifespan, in promoting healthy pregnancy, physiologic birth, postpartum care, well woman / gynecologic care and newborn care.
